

CANCELLATION OF CLASSES

In the event that the **(entire)** University "**closes**" or "**cancels classes**" The School of Medicine's first and second year classes will be canceled.

University closing is at the discretion of the Chancellor and is announced in accordance with University policy.

PLEASE NOTE.....

- 1) This policy applies only to first and second year medical school classes.
- 2) Third and fourth year students should be guided by the direction of the clinical department within which they are enrolled on the day(s) on which the University is closed or classes are canceled.
- 3) It is assumed that staff and medical students will exercise their discretion regarding the feasibility to traveling to campus during inclement weather. Each individual must determine for himself/herself if he/she is able to come to campus safely.
- 4) Non-examination course activities (i.e. lectures, labs, small groups) may be integrated by the Course Director with in the remaining time allocated for the course.
- 5) Examinations may be rescheduled by the director of the Office of Medical Education in consultation with the Course Director. Examinations will generally be re-scheduled on the next regular class day (Such re-scheduling is expected to intrude on the time allocation of the following course. The time lost in the following course will be integrated by the Course Director within the remaining time allocated for that course.)

"Approved by George Michalopoulos, M.D., Ph.D., Interim Dean of the Medical School -
February 6, 1996."
