

### **HEALTH INSURANCE COVERAGE**

All medical students are required to maintain adequate medical and hospitalization insurance coverage as a condition of enrollment. Students must use either the University of Pittsburgh graduate plan (<http://gradcare.hr.pitt.edu>) or a comparable plan. Students will automatically be billed for the University graduate student plan. In order to waive enrollment in the graduate student plan, students must obtain comparable coverage to that plan.

### **DISABILITIES INSURANCE COVERAGE**

All active medical students are required to carry Disability Insurance. Currently each student is billed \$43/year on their tuition statement for an AMA sponsored disability insurance policy. Copies of this policy are available for review on the Zone.
